King Tutankhamen

This is King Tut's death mask. King Tut is famous not because he was the greatest of the Egyptian pharaohs, but because he was so young – only 18 when he died. His tomb was discovered in 1922 by a man named Howard Carter. It was quite a find because most of the tombs had already been discovered and raided by that time.

Decorate Your Own Sarcophagus

If you want to be authentic, you may want to include:

- false eyes so the mummy can look out
- a door so the mummy's spirit can come and go
- a scarab beetle for luck
- jewelry to show how rich and important you are
